## GAVE WORTHLESS CHECK

Raymond H. Hill Arrested at Wells River—Said to Have Confessed to Using Several

Wells River, May 28.—Raymond H. Hill of Hartford, Conn., has been arrested here, charged with trying to pass a check for \$10, drawn on the Wells National bank of St. Albans, where he had no funds. He probably will be taken to the county jail at Chelsea to be tried at Orange county court.

Worthless checks drawn on banks in Hartford and in St. Johnsbury and St. Albans have been in circulation for several weeks, all but one signed by George R. Wright, the other signed by Myron G. Baldwin.

Hill is alleged to have confessed to Sheriff Worthen of St. Johnsbury that these checks were all written by him and that he used a Hartford bank check in St. Johnsbury, several of St. Johnsbury bank checks in St. Albans, and St. Albans checks in Montreal and in Wells River.

He told Sheriff Worthen he left his wife and little baby in Hartford some three months after the tragedy in his parents' home, when his father was killed by a boarder, who had been accused of paying attention to Raymond Hill's mother, the boarder committing suicide. Hill had \$300 when he left home.

## DRY AND ANTI-DRY MEASURES APPEAR

Bills to Repeal War Time Prohibition Are Introduced in Both the House and Senate of Congress

### NEW ACT BY SHEPPARD

Texts Senator Seeks to Establish in Proposed Measure a Definition for Liquor—Elaborate Set of Penalties for Law Breakers

Washington, May 28.—Measures for repeal of the war-time prohibition act insofar as it relates to wines and beer and for enforcement of that act as well as the constitutional amendment were introduced today in the Senate. The repeal bill was offered by Senator Sheppard, democrat, of California, and is similar to the one introduced in the House by Representative Gallivan, democrat, of Massachusetts. Bills for enforcing war-time and constitutional prohibition were introduced by Senator Sheppard, democrat of Texas and Jones, republican, of Washington. Senator Sheppard's measure follows the lines of one that failed in the last Congress, but Senator Jones' bill would apply to all the alcoholic liquors containing one-half of one per cent. of alcohol by volume.

In the Sheppard bill liquor is defined as including "any distilled, malt, spirituous, vinous, fermented or alcoholic liquor and all alcoholic liquors and compounds whether medicated, proprietary, patented or not."

For the purpose of enforcing prohibition, the secretary of the treasury would be authorized to appoint a prohibition commissioner and various assistants. Provision also is made for State authorities to assist in the law's enforcement. Manufacture of cider for use in making vinegar and intoxicants for beverage purposes held in residences provided they were purchased for such purposes and were effective are exempted from the provisions of the measure as is also the sale of alcoholic patent or proprietary medicines which are non-potable and not capable of being used for beverage purposes.

Cognizance of the airplane is taken by the bill which prohibits transportation of intoxicants by that means as well as by common carrier.

Another provision of the measure prohibits the advertisement of liquor in newspapers, on sign boards or by any other means and also prohibits "any advertisement or notice containing the picture of a brewery, distillery, bottle, kegs, barrel or box or other receptacle represented as containing intoxicating liquors or designed to serve as an advertisement thereof."

Drinking of intoxicating liquors in all public conveyances and in automobiles would be prohibited under the act, which provides that in cases where persons are injured or killed by drunken persons, suits for damages can be brought against those who either sold or gave that person the liquor.

Persons who have stored quantities of liquors in their own homes in preparation for the liquor spill would be safe from molestation as the act provides that search warrants cannot be issued.

Penalties ranging from \$500 to \$1,000 fine with imprisonment of not less than thirty days nor more than 12 months would be prescribed and \$3,000,000 would be appropriated for the enforcement of the act during the fiscal year 1920.

## VT. SENATORS HEAD IMPORTANT COMMITTEES

Page Chairman of Naval Affairs and Dillingham of Privileges and Elections

Washington, May 28.—Framing of Senate republican committee slates was reported completed today by the republican conference committee on committees. The program it was stated, upon reliable authority, was as follows: Senators Penrose of Pennsylvania and Warren of Wyoming for chairmanship of the finance and appropriation committees, respectively, despite the opposition of the progressives.

The committee slate will be presented at a conference of republican senators held next Monday before convening of the Senate. The progressives at that time are expected to take final action in opposition to Senators Penrose and Warren, but it was reported to-night that the factional troubles would be settled in the conference and probably not reach the Senate floor.

The chairmanship assignment understood to have been agreed upon by the committee on committees follows:

Foreign relations, Lodge, Massachusetts; finance, Penrose, Pennsylvania; appropriations, Warren, Wyoming; military affairs, Dillingham, New York; naval affairs, Page, Vermont; judiciary, Nelson, Minnesota; interstate commerce, Cummins, Iowa; agriculture, Gronna, North Dakota; commerce, Jones, Washington; routes, Knox, Pennsylvania; public lands, Smart, Utah; privileges and elections, Dillingham, Vermont; manufactures, La Follette, Wisconsin; education, La Follette, Wisconsin; mines, Polindexter, Washington; immigration, Colt, Rhode Island; Indian affairs, Curtis, Kansas; irrigation and reclamation, McNary, Oregon; Philippines, Harding, Ohio; printing, Moses, New Hampshire; library, Brandegee, Connecticut.

Under the reported agreement, Senator Page instead of Senator Polindexter would head the naval committee by reason of strict adherence by the committee on committees to the seniority rule. Last month changes in the committee assignments also placed Senator Smart at the head of the public land committee instead of the appropriations body, for which he had been mentioned.

## DEMONSTRATION IN BERLIN

Berlin, Saturday, May 24. (By the Associated Press.)—Down-town Berlin was thrown into a state of wild excitement at four o'clock this afternoon by machine gun firing in the district of Den Linden. Those in the neighborhood fled for safety, but others swarmed to the scene. The shooting was due to a large group of wounded men insisting on parading despite the order of Gustave Noels, minister of national defense, prohibiting processions during the period of martial law. Government troops broke up the demonstration by firing in the air.

## INVESTIGATING LONG'S CAREER

Cannot Connect Man Charged with Killing Mrs. Broadwell with Murder of Aged John Hobart

Montpelier, May 28.—The last efforts to connect George Long, who is in jail on the charge of murdering Harry E. Broadwell, with the murder of John Hobart in Middlesex, seem to be without avail for the records of the State probation office show that Long was in the House of Correction at the time Hobart was murdered. The crime was committed in April 1918, while Long was committed to the House of Correction in October, 1917, some six months before the murder of Hobart and Long was not released from the institution until October 2, 1918, which was about six months after the murder occurred. The public in general in this locality are not of the opinion that Long had much to do with the murder although he admits that he saw the Broadwell woman at the Parker house the night of the murder.
